### Ernest Hill New President of St. John Ambulance

J. M. Rushton Starts 21st Year as Secretary-Treasurer; Archie McCulloch Steps Down From Presidency After Fifteen Years.

History was made at the general meeting of Coleman branch of St. John Ambulance Association on Sunday when the election of officers took place for the ensuing year. Archie McCulloch, who has been vice-president and later president of the local association for the past fifteen years, stepped down from that office in order that others in the Association might be given a chance to direct its affairs. Mr. McCulloch was then elected to the position of honorary president.

John M. Rushton, who has been secretary-treasurer for the past 20 years, also wished to vacate office and allow a younger man to take over. However, the Association was not in favor of allowing two of its most experienced men to vacate office at the one time, and so Mr. Rushton was prevailed upon to act for another year.

Prior to the business session, two minutes silence was held for the Association's late Hon. President A. F. Short, and a late member, PO Tom Brennan.

Officers were elected as follows: Hon. president, J. Kellogg, J. J. McIntyre, L. McDonald, E. Morgan, J. O. C. McDonald, R. M. Greenhalgh and A. McCulloch.

President: Ernest Hill.

Vice-president: M. Kubica.

Secretary-treasurer: J. M. Rushton.

Executive: (McGillivray) N. Franden, W. Raymond, J. Simla; (International) G. Clarke, H. Newcome, W. Mosely, (town and school) Miss A. Yull, R. Spillers, J. Cousins.

Instructors: A. McCulloch, M. Kubica and G. Chalmers.

Classes will commence this Sunday at the high school auditorium. Men's classes will start at 1 p.m. and the ladies at 2 p.m.

### Seventy Names Secured As Blood Donors

Blairmore Falling in Line With Coleman's Move and They, Too, Seek Blood Donors.

After one week of real campaigning seventy names have been secured as blood donors in Coleman. There are still almost four weeks remaining to secure the other 225 names still desired. It is on a purely voluntary basis that names are being sought.

Depots once again: At The Journal office, Coleman Hardware and Miss A. Yull.

At an executive meeting on Tuesday evening, Blairmore was represented with two delegates, who sought information on the blood clinic. It is now revealed that the Blairmore Red Cross organization is seeking blood donors so that blood can be secured from that town while the clinic is visiting the Pass.

### \$215.21 In Shell Out Tickets Sold Locally

Central And High School Sold \$144.03; Cameron School Sold \$40.33, and Merchants \$30.85.

Coleman citizens did very well in support of the Kinsmen's Club of Canada Shell Out campaign, as a total of \$215.21 was collected.

Central and high school were the largest sellers, with a total of \$144.03. Cameron school came next with \$40.33 and the merchants came third with \$30.85.

Parents and children are to be commended for their support of children less fortunate than their Canadian cousins. The money collected here will provide many quarts of milk for undernourished British children.

### SPORTS ASSOCIATION STARTS TO LINE UP HOCKEY TEAMS

The Sports Association is already interesting itself in winter sport. It is desirous of knowing how many youngsters plan on trying out for pee wee, midget, juvenile and junior hockey teams.

In order to get this information Bill Gate has been assigned the task of securing the names of all prospective hockey players regardless of age or class. Bill asks that names be given him at the Red & White store so that teams can be formed and made ready for the hockey season. Coaches will be provided for all teams and every effort made to develop the youngsters into future hockey stars.

### PO. Tom Brennan Reported Killed In Action

Reported Missing In Action On Sept. 21; Wife Reporting His Death Received Here Last Friday.

The cruelty of war struck forcibly home again last week, when Mr. and Mrs. Tom Brennan received a wire from Ottawa officially listing their eldest son, Pilot Officer Tom Brennan, as killed in action service overseas. Tom was listed as missing in action on Sept. 21, 1944.

Born in Scotland in 1914, he came to Coleman in early youth with his parents, where he received his education. He was employed for some time at McGillivray Creek typewriter and later attended Calgary Technical school. Tom was a good mixer and with his cheery grin became widely and popularly known throughout the Pass towns. He enlisted in the RCAF in July, 1942, and graduated in September as a wireless air gunner, receiving his commission at the same time. He later became a member of the Ferry Command and quickly became the most travelled airman to enlist from Coleman. He has visited cities in Britain, North Africa, South America, India, the Middle East, France and Belgium. Among the last letters received from him, he told of the welcome given to himself and comrades by the citizens of Brussels.

The local branch of the Canadian Legion has been flying its flag at half mast during the past week.

The sympathy of the community is extended to Mr. and Mrs. Brennan in their severe loss.

The local branch of the Canadian Legion has been flying its flag at half mast during the past week. The sympathy of the community is extended to Mr. and Mrs. Brennan in their severe loss.

### Polish Bazaar Very Successful

Coleman Polish Society sponsored another successful bazaar on Saturday. The tables were well patronized and articles were readily purchased. In the evening was well attended, and the day was judged a decided success.

The dance. Tombola winners included: 1. M. Lipnicki, ticket 246, \$15 cash; 2. E. Richards, 307, \$10 cash; 3. J. Yaggo, 510, rug; 4. S. Tarabala, 789, lamp; 5. J. Ruzicki, 705, \$5 cash; 6. A. Zur, 511, \$5 cash; 7. Mrs. T. Dugas, 983, \$5 cash; 8. Miss W. Kwan, 105, 49 lbs food and picnic ham; 10. Mrs. M. Pierzchala, 100, \$5 value; 11. Miss A. Gilas, 696, picnic ham and \$2 value; 12. I. Maciejowski, 782, \$2.50 groceries and \$2 value; 13. Miss H. Ziajka, 706, canary; 14. Mrs. C. Drosdzik, 261, 98 lbs food.

### ST. JOHN AMBULANCE ASSOCIATION

## Notice

Classes in First Aid Will Commence on SUNDAY, NOVEMBER 12th

MEN'S CLASSES will start at 1 p.m.

LADIES' CLASSES will start at 2 p.m.

These Classes are FREE. All Welcome.

J. M. RUSHTON, Sec.-Treas.

### How They Stand:

Unit	Subscriptions	Quota
Coleman	\$145,150	\$105,000
Blairmore-Frank	122,600	90,000
Bellevue-Hillcrest	\$96,350	90,000

### Council Votes Against Discontinuance of Milk Deliveries on Sundays; To Enforce Sanitation Laws

CBC Fail to Give Satisfaction Regarding Radio Reception Here; Youth Organizations Ask Support.

Regular meeting of the council was held on Monday evening. Present: Mayor Ambrose, Councillors Cox, Dutil, Lowe and Ramsay. Mrs. Isabel Seaman and Mrs. Mary Parsons were present to ask the council's support for the National Youth Health and Education movement, which has been organized locally. The classes were open to the hands of Coleman and 70 members are enrolled at the present time. Expenses were approximately \$96 per year. At present classes were being conducted twice weekly in the Catholic hall.

Harold Houghton was present to seek support for his Air Cadets Club. It has now been found necessary to have a concrete wall along fifty feet of the west bank of the Nepe creek as it passes the local Legion Club. The building plans for the Memorial Park. A concrete base has been laid in front of the three lots east of the Legion Club. It has now been found necessary to have a concrete wall along fifty feet of the west bank of the Nepe creek as it passes the local Legion Club. The building plans for the Memorial Park. A concrete base has been laid in front of the three lots east of the Legion Club.

President George Derbyshire and Secretary H. Houghton then came forward as representatives of the local Legion Club. They outlined plans for the Memorial Park. A concrete base has been laid in front of the three lots east of the Legion Club. It has now been found necessary to have a concrete wall along fifty feet of the west bank of the Nepe creek as it passes the local Legion Club. The building plans for the Memorial Park. A concrete base has been laid in front of the three lots east of the Legion Club.

The Medical Health Officer submitted his report. It reads: "Outside of a mild outbreak of chicken pox, no other infections have been reported. The general sanitation throughout the town is fairly satisfactory. Investigation was made in regard to the McGrath premises, of West Coleman, particularly the house occupied by Mrs. Hutton. This house in its present condition is in a state of disrepair. A cesspool located under a back room used for washing is a menace, particularly now that it is plugged. There is a toilet pit for the family to use and this woman tells me she is compelled to carry all sewage to a filled toilet 10 feet within the house. The house could be put in shape if the cesspool was filled in and a new toilet erected. The other toilet used by people in front is also about 10 feet from the house. As the situation stands, the place is unfit for living purposes, and I must certainly condemn it until proper measures are taken to improve existing conditions."

"I should like to draw your council's attention to the fact that no action has been taken on the Chin-see laundry situation, and if a matter such as this is dropped, there is little use in further investigations of this nature."

Council will advise Provincial Sanitary Inspector Butterfield, asking for a report on his inspection trip here a month and a half ago. Following his report, the council will be taken on the laundry. A letter will also be written Mrs. R. Hoggan, caretaker of the McGrath premises, advising her to take steps to remedy present conditions, failure to do so resulting in the house being closed. A letter will also be sent Mr. Fabro, who owns the house on the front part of the lot, that he must comply with the provincial health act which prohibits an outdoor being less than 20 feet from a dwelling. The MTO letter will be tabled till next meeting.

A letter was received from E. G. Hannel, M.P. re fire-fighting equipment. He had forwarded council's letter to Minister C. D. Howe. A second letter will be written by council to Mr. Howe asking for a chance at fire-fighting equipment.

Mrs. Deputak, relief recipient, submitted her annual list of winter Dutil, who was paying \$12 monthly for the Catholic hall for one night each week. Council decided that Mayor Ambrose and Councillor Dutil would approach the Community Hall committee and endeavor to secure the hall free of charge since this youth movement was a community affair.

Fire Chief Antle submitted his report. He was called to a fire in the government garage in Carbondale on Oct. 27. A 5-gallon chemical tank was exhausted in putting out the fire. Expenses of \$25 was incurred and this amount will be paid by the provincial government. The fire was started when two youths broke into the garage to steal some gasoline. One youth lit a match to see where the progress was being made when there was a sudden explosion. The youths have confessed their guilt and the matter is now in the hands of the RCMP. The fire was first noticed by Town Foreman Joe Malanuchuk and Councillor John Ramsay, who were busy selling bonds in the Carbondale area. They immediately laid aside their papers and sounded the alarm by telephoning the town hall. Councillor Dutil, who was attending a Red Cross meeting in the council chamber, immediately clambered aboard the fire truck and headed towards the fire. Luckily the council members were on their toes as not one volunteer fire fighter was available.

A letter was received from W. E. Reed, asking that council curb up portion of Second Street on Second Street, damages being caused by the creek. This work will be listed along with the spring work.

A letter was received from the CBC. It admitted that radio reception here was not good. However, the facilities for setting up a 25-watt booster were non-existent, and the only remedy was for either a Leithridge or Calgary station to boost up its power, so that the service could be improved. Council voiced its dissatisfaction with the letter and immediately appointed a committee of Fred Cox, Bill Dutil and Jim Lowe to follow up this letter and also get some action started in the Crows' Nest Pass against such poor radio reception.

The Medical Health Officer submitted his report. It reads: "Outside of a mild outbreak of chicken pox, no other infections have been reported. The general sanitation throughout the town is fairly satisfactory. Investigation was made in regard to the McGrath premises, of West Coleman, particularly the house occupied by Mrs. Hutton. This house in its present condition is in a state of disrepair. A cesspool located under a back room used for washing is a menace, particularly now that it is plugged. There is a toilet pit for the family to use and this woman tells me she is compelled to carry all sewage to a filled toilet 10 feet within the house. The house could be put in shape if the cesspool was filled in and a new toilet erected. The other toilet used by people in front is also about 10 feet from the house. As the situation stands, the place is unfit for living purposes, and I must certainly condemn it until proper measures are taken to improve existing conditions."

"I should like to draw your council's attention to the fact that no action has been taken on the Chin-see laundry situation, and if a matter such as this is dropped, there is little use in further investigations of this nature."

Council will advise Provincial Sanitary Inspector Butterfield, asking for a report on his inspection trip here a month and a half ago. Following his report, the council will be taken on the laundry. A letter will also be written Mrs. R. Hoggan, caretaker of the McGrath premises, advising her to take steps to remedy present conditions, failure to do so resulting in the house being closed. A letter will also be sent Mr. Fabro, who owns the house on the front part of the lot, that he must comply with the provincial health act which prohibits an outdoor being less than 20 feet from a dwelling. The MTO letter will be tabled till next meeting.

A letter was received from E. G. Hannel, M.P. re fire-fighting equipment. He had forwarded council's letter to Minister C. D. Howe. A second letter will be written by council to Mr. Howe asking for a chance at fire-fighting equipment.

### 25 Coleman Elks Invade Lair of Blairmore Herd; Four New Members Installed.

Coleman Elks, 25 strong, invaded the lair of the Blairmore Elks on Tuesday night and coerced the Blairmoreites into furnishing a hearty meal of barbecued deer meat sandwiches and "Pepsi-Cola," which was later judged as being very tasty.

Coleman and Blairmore combined to install four new members, Bill Kinnear and John Irwin joining the local lodge.

A most enjoyable social evening was held following the business session and upon its conclusion Blairmore was given a hearty vote of thanks for its hospitality.

### Teachers Plan to Negotiate New Wage Schedule

P.T. Classes Given Use of Auditorium; No Delegate Sent to Trustees Convention.

Regular meeting of Coleman School Board was held in the Board room on Monday, Oct. 30. Present: Chairman Evans, Trustees Holly, McNeil, Stigler and Vasek. No delegate was sent to the recent trustees' convention at Calgary. Board will endeavor to contact all Pass boards with the proposal that in future a trustee represent the Pass as a whole.

Request of Mrs. Mary Parsons for use of the auditorium for physical training classes was granted. A letter was received from the secretary of the sub-local of the A.P.A., wherein Board of trustees was given 30 days' notice of termination of contract between teachers and the Board for the purpose of negotiating a new salary schedule.

A parent had protested to the Department of Education against the non-admittance to school of his youngest son because six years of age on Oct. 9. The deadline is Oct. 1. A letter was received by the Board from the Department enquiring if the charge was correct. Board replied that it was and was due to the lack of sufficient accommodation. There were nine children who became six years of age in October who failed to get to school. A second letter was received from the Dept., regarding the lack of accommodation here, but agreed that the Board was within its rights in refusing admittance to these children.

### St. Alban's L. G. Held Successful Bazaar

Mrs. Elaine Sudworth Won Bedspread; Mrs. J. J. McIntyre Won Handsome Cake.

The Ladies' Guild of St. Alban's church sponsored a very successful bazaar on Saturday and are most pleased with the patronage given them. Goods were given a ready sale and many patronized the tea tables.

The major prizes were won by Mrs. Elaine Sudworth, who held the winning ticket for the chenille bedspread, and Mrs. J. J. McIntyre, who won the handsome cake. The table runner was won by Mrs. William Martland and the tea prize, a beautiful crocheted set, was won by Mrs. Wm. Antle.

The Guild takes this opportunity of expressing its sincere appreciation to the public for its patronage, to the workers in the kitchen who are to be commended for their efficiency and hard work, to Mrs. J. C. Richards for the donation of the handsome cake, to Mrs. W. H. Garner for the beautiful runner, and to Mrs. Harold Houghton for her grand gift of a crocheted set.

when equipment from the air schools is placed on the open market.

Secretary reported five places on main street that were not complying with the Health Act. Letters will be sent each of them, giving them till July 1, 1945, to get rid of their outhouses and install indoor toilets.

### Attention! Hockey Players

We desire to record the names of all prospective hockey players on local Pee Wee, Midget, Juvenile and Junior hockey teams this coming winter.

Names should be given to Wm. Gate, at the Red & White Store, as soon as possible.

### Seventh Victory Loan Canvass About Completed

\$143,350 Had Been Collected Up Till Wednesday Afternoon; Expected to Reach Approximately \$146,000 by Saturday Night.

The Seventh Victory Loan set new records as far as heavy bond sales are concerned. Never in the past six loans has Coleman went over \$140,000. It was in the Fourth Loan that she touched \$130,000, against a \$125,000 quota.

On Wednesday afternoon the official total stood at \$143,350, with the canvass practically completed. Only a few odds and ends had to be taken care of by the canvassers. It is expected that by the close of the campaign on Saturday evening Coleman will have something like \$146,000.

Both the Finance Committee and the canvassers are highly pleased with the showing. The co-operation of the public has been wonderful and several who had never owned a bond before appeared only too pleased to buy in this campaign.

Good news was heard from Blairmore-Frank last week when that unit went over the top of its \$90,000 quota. This week Bellevue-Hillcrest announced that it had gone over the top, thus making the Pass united once again in never having failed in a Victory loan. To unit achievers: Ambrose, Chappell and Wam we say, "Well done, boys!"

### Remembrance Day Services to be Conducted Here

Parade Will Form At High School Grounds at 8:45 A. M.; Short Principal Speeches; J. J. McIntyre Chairman.

Arrangements have been completed by the Canadian Legion for the Remembrance Day services to be held on Saturday, Nov. 11.

The various organizations taking part in the parade will gather at the high school grounds at 8:45 a.m. The parade will then march through the main streets and then to the Community hall, where the services will commence almost immediately.

S. C. Short will be the main speaker. The chairman will be J. J. McIntyre. Rev. G. A. Kestley, Rev. W. E. Brown and Lieut. Nahmeyer will take part in the services. The service will be concluded with the flag drill and roll call, which will be conducted in similar manner to that of last year.

Soldiers on leave are especially requested to wear their uniforms and be present in the parade.

An Armistice Day smoker will be held in the Legion hall at 7 p.m. for members only. A good program has been arranged.

### Lions Held Charter Night Ball, Wednesday

Many Present From All Pass Towns; Gay Evening Enjoyed By All.

Coleman Lions club sponsored its fourth annual charter night ball last night, with many Pass citizens, as well as some from Pincher Creek, attendance.

The hall was gaily decorated and dancing was enjoyed to the harmonious tunes of Arcadians' orchestra. M. C. John Kerr had a very good entertaining floor show program lined up, which was thoroughly enjoyed.

### SATURDAY, NOVEMBER 11, DOMINION HOLIDAY

Local housewives are asked to take note of the fact that Saturday, Nov. 11, is a Dominion holiday, and that all stores will be closed. Local stores will remain open till 7:30 p.m. Friday to allow everyone to get in their supplies for the long week end.

## Agriculture And The War

AGRICULTURE IS ONE OF CANADA'S largest industries and it has always played a vital part in the national economy. What is the most abundant grain crop produced here, and the importance is illustrated in figures printed in the Statistical Year Book of the League of Nations, where the wheat crop in Canada in 1941-42 was given as 28 bushels per capita. In Australia the yield was 24 bushels per capita, in Argentina 17 bushels and in the United States seven bushels. The value of a great agricultural industry such as we have here has been emphasized during the war, when the increased demand for food for the armed forces, and for those nations whose normal food supply has been disorganized, has made it a war industry of primary importance. Much tribute has been paid to the splendid contribution made by Canadian farmers to the United Nations war effort, in spite of the many difficulties created by wartime conditions.

### British Show Fine Results

The farmers of Britain have likewise put forth a maximum effort to produce much-needed food crops during the war, and their work has resulted in outstanding success. Prior to 1939, only forty per cent of Britain's total food supply was produced at home. Today that figure stands at seventy per cent. This is in spite of the fact that although farm labour was "frozen" in September 1940, more than 40,000 skilled agricultural workers went into the armed forces. The problem of labour shortage was not met in part by an increase in the use of farm machinery. In addition, a Women's Land Army, numbering 83,000 was organized, and Land Clubs and holiday camps also provided extra help during busy seasons. Prisoners of war, conscientious objectors, and on some occasions, members of the armed forces, have also assisted in relieving the labour shortage, which has been considered the biggest problem facing British farmers at this time.

### Much Credit Is Due To Farmers

An intense program of education in the most modern methods of scientific farming has added to Britain's greatly increased agricultural output. Through the use of fertilizers much worn-out land has been again made productive, and there has also been a vast reclamation project involving more than 4,000,000 acres. In carrying out this undertaking 30,000 acres of swamp land were drained, and large tracts of land, formerly used for grazing, were converted to producing crops. It has been pointed out, however, that in spite of the fact that arable acreage has been increased by forty-two per cent, the actual amount of land cultivated is now two per cent below the pre-war level, due to the fact that a great deal of space is required for war factories and military purposes. These are only a few of the ways in which British agriculture has endeavored to meet the demands of war. To them, and to the farmers of Canada, is due a large measure of credit for the present hopeful position of the Allied Nations.

### YOU WOMEN WHO SUFFER FROM HOT FLASHES

If you suffer from hot flashes, weak, nervous irritability, feeling a bit blue at times—due to the functional "middle-age" period peculiar to women—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It helps nature's own label directions. Worth trying!

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

### Vegetable Oils

#### An Increase In Seen In European Wartime Agriculture

The most startling change in European wartime agriculture has been a very material increase in oil plant cultivation, states the Current Review of Agricultural Conditions in Canada. In France alone, oilseed acreage jumped from 87,000 acres in 1942 to 127,000 in 1943. In Germany, the increase was from 114,000 acres in 1939 to 798,000 acres in 1943. Production increased from 88,000 to 634,000 tons. Roumania advanced from 740,000 acres in 1940 to 1,236,000 acres in 1943. Similar results were obtained in some other countries.

The significance of this change has many phases. An acre of land will yield several times as much edible oil as it would after conversion of the crop to butter. In view of the fact that both butter and edible oil production was down in 1943, this was a good way of securing adequate fat supplies. In addition, valuable protein feeds for live stock—the worst bottleneck in European animal production—are found in the oilseeds. Increased output of vegetable oils, remarks the Review, may undeniably affect butter and lard imports after the war.

A translation of the New Testament, published in Britain, uses only 850 different words.

## Price Control And Rationing Information

Q—My son has been discharged from the armed forces. May I still obtain rationing sugar coupons for him?

A—Yes you may obtain rationing sugar coupons for your son. Application must be made before October 31 at either the local ration board or the ration office.

Q—Has there been a lifting of restrictions by the Wartime Prices and Trade Board on value limitations of deliveries, time limit of return of goods, refunds and exchanges?

A—Effective October 30 each retailer may establish his own value limitations on deliveries and time limits on returns, refunds and exchanges. The general restriction limiting retail deliveries to one per day per route remains in force.

Q—I need a new tire for my bicycle but I understand that bicycle tires are rationed and that I can get one only with a permit. Is this true?

A—No, bicycle tires are not rationed. You may purchase a new one if you turn over a used bicycle tire to your dealer.

Q—Must landlords use a Wartime Prices and Trade Board form when notice is being given to the tenants to vacate?

A—In presenting notice to vacate, landlords must use a form provided by the Prices Board. Made out in triplicate, one form must be filed with the Prices Board, one given to the tenant and one kept by the landlord, himself.

Please send your questions or your request for the pamphlet "Consumers' News" or the Blue Book (the book in which you keep track of your ceiling prices) mentioning the name of this paper to the nearest Wartime Prices and Trade Board office in your province.

### All-Plastic Tire

#### Development Of Heat Resisting Tire Is Of Major Importance

Development of the first "heat-tempered" all-plastic tire—a step that eventually may greatly increase tire life—was announced by W. H. Funt, President of The Firestone Tire and Rubber Company of Canada Limited. The development is considered of major importance because the tire is designed to whip the number one enemy of long wear—heat.

This new tire has been developed and now is being laboratory tested at the Akron, Ohio, plant. Whether the all-plastic tire ultimately will compete with its rubber colleague will not be known until the company completes the current laboratory examination and the grueling road tests to which the new tire will be subjected.

Experts agree that heat causes most tire failures and that great mileage could be rolled up if the problem were licked. Taking a long step toward achieving this goal, Firestone engineers built the all-plastic, to run cooler than today's tires and to withstand twice the heat a natural rubber tire develops at high speeds.

This was done by thermosetting, or "heat-tempering," the plastics which were used in the 6.00-16 passenger car tire. The "tempering" was achieved by adding certain materials to the plastic and applying heat.

The Firestone all-plastic tire, which looks so much like a rubber tire that only an expert could tell the difference, does not crack or check in the sunlight and, unlike rubber tires, it is not soluble in gasoline or oil.

How soon all-plastic tires, if they live up to expectations, will be available for civilian use is uncertain because all tire manufacturing facilities now are devoted to building military and essential civilian tires.

### Underground Factory

#### Discovered By American Infantry Unit Inside Siegfried Line

American infantrymen captured the first underground factory thus far found inside Germany—an airplane engine parts plant located in a 1,900-foot railroad tunnel.

An infantry unit patrolling no-man's land a mile west of the Siegfried line stumbled on the factory. It was not in operation, but was crammed with valuable machinery.

The discovery aroused speculation over how much of Hitler's war industry is operating underground in view of the terrific air assaults on all German industrial centres.

Salt and starch make a good patching plaster for small holes in home walls.

### ITCH CHECKED In a Jiffy —or Money Back

For quick relief from itching caused by eczema, urticaria, scabies, dandruff, sunburn, insect bites, etc., use the famous D. D. D. PRESCRIPTION. It's the only medicine that gives instant relief. It's the only medicine that's safe, soothing, and completely harmless. It's the only medicine that's guaranteed to give you relief today for D. D. D. PRESCRIPTION.

## Canadian Hebrews

### Have Made Admirable Contribution To Canada's War Effort

In connection with the celebrations of the Jewish New Year, members of the Canadian government have been issuing statements praising the contribution made by Canadian Hebrews to the democratic cause. These tributes are well deserved.

Col. Raiston, Minister of National Defence, gave a clear statement of the significance for the Jewish people of what has happened, and is about to happen, in Nazi-controlled Germany. In his message to the Jewish men and women in the armed forces he said:

The Jewish race has had good reason to battle the Nazi beast with all its energy. In Hitler's Germany the Jew has been chosen as the prime target for barbarous cruelties that seldom have been equalled in the history of mankind. The New Year ahead may well be the final chapter of a dark, bloody story of the Jewish people. Canada has reason to be proud and grateful for the magnificent response of its sons and daughters in the defence of liberty and freedom. Jew or Christian, they fight shoulder to shoulder that they may live side by side in peace and harmony. It is an inspiring ideal, the true mark of a great nation.

The Canadian Jewish Congress has kept a careful record of the war services of the Jewish people in Canada. This shows that over 15,000 men and women of the Hebrew community are in the forces; 9,300 in the Army, 5,300 in the Air Force and 500 in the Navy. More than 300 have made the supreme sacrifice, and 41 have been awarded decorations. When it is recalled that the total Jewish population in Canada is only 170,000, the significance of these figures becomes even more apparent. It is an admirable record, and one that will compare well with that of any other section of the community. These figures do not, of course, measure the full part of the Jewish contribution to the Canadian war effort. In other fields the Jewish community has made an equally distinguished contribution.

All men and women of goodwill, all true Canadians, will join in hoping that the New Year, now dawning for the Jewish people will bring to an end the hideous tragedy that has marked the history of the Hebrew people since the triumph of Nazi ideas in Germany and elsewhere in Europe. Let us hope also that there will be no more of the anti-Semitic hoodlum activities which, in a few isolated cases, have besmirched the fair name of Canada. For the sake of the country we all love, for our own self respect, this foul business must not be allowed to develop in the Dominion, Ottawa Citizen.

## Aircraft Workers

### Make Many Valuable Suggestions That Save Time And Money

Canadian aircraft workers are contributing brains as well as brawn to speeding final victory over the Axis. Their ideas for doing jobs more quickly and cheaply have saved Canada countless man-hours and at least \$567,529 in cash, according to an announcement by the Aircraft Industry Relations Committee recently.

A western woman aircraft worker who has come up with first-rate production suggestions is Miss F. Hasen of Edmonton, Alberta. She cut a 24-hour process four hours by devising a new way to grind and blunt metal propeller blades. In the same plant, Harry Kleparchuk, journeyman welder, won a \$50 award in Victory Bonds by developing a grinder which reduced the time required on a motor mount operation from 16 hours to exactly 30 minutes.

## More Than Mere Form

### People Becoming Naturalized Should Be Assured Of Cordial Welcome

In an Ontario court recently two young men, one of them in uniform, appeared for naturalization. The oath was administered. No interest was taken otherwise. No welcome to Canadian citizenship was extended.

Nothing was said to them at all. No doubt that is the usual custom, but in some cases by questioning, but lack what ought to be a regular feature—congratulation upon the step being taken, and a word or two of welcome, not delivered with a superior air, but on a plane of equality. "You and I are alike Canadian citizens. You have all the privileges and duties of citizenship just as I have."

People who become naturalized should be made to feel that there is something more in this ceremony than signing papers or taking an oath as a matter of form.—Toronto Star.

New York city has 578 miles of waterfront.

## SMILE AWHILE

The old-fashioned farmer was hard to convince. "No," declared he. "I'll have no such contraption in my house. Planners are bad things."

"Oh, but, father," protested his daughter, "this is an upright piano."

Teacher—Tommy, translate "Rex Fugit!"

Tommy—The king flees.

Teacher—You should use "has" in translating the perfect tense.

Tommy—The king has flees.

A man, recovering from an anaesthetic became very sentimental. His wife turned to the nurse.

"I haven't heard him talk like that since our honeymoon. Where do you buy the stuff?"

Teacher: "Now, Johnny, tell me what kind of clothes kiltiens wear?"

Johnny: "Clothes."

Teacher: "Yes—Does she wear wool? Does she wear leathers?"

Johnny: "Ain't you never seen a cat?"

"Father," said little Frank as he turned the page of his history book, "how did the cliff dwellers keep warm in winter time?"

"Why, I guess they used the mountain ranges. Now, don't ask any more foolish questions."

Private Jones had been in the army a week when the sergeant asked: "What do you think of the army so far?"

"I may like it after a while," replied Jones. "But just now I think there's too much drilling and fussing about between meals."

"Nearly a generation ago my head was grazed at the second battle of Ypres."

The little fellow looked thoughtfully at the old man's head and said:

"There isn't much grazing there now, is there, Grandpa?"

Kitty—Frances has had her hair dyed black, but don't say I told you.

Mabel—Why?

Kitty—She wants to keep it dark.

Mother (reprovingly)—I Mary, every time you are naughty I get another grey hair.

Mary—Ge, Mom, you must have been a terror when you were young—just look at Grandma.

Keen Fan—What position does your brother play on the school team?

Sister—A sort of crouched, bent position.

Am I the only girl you have ever kissed?

Yes, and by far the best looking.

Primitive man carried on extensive trade operations, according to discoveries of archaeologists.

## Bears African Name

### One Of Canada's Cruisers Will Be Called The Uganda

An Empire link, forged by naval tradition, will be formed shortly between Canada and the British Protectorate of Uganda when the cruiser Uganda is commissioned as a ship of the Royal Navy.

Specifications of the cruiser are cloaked under security regulations. But by description of Navy Minister Macdonald, in press conferences, the Uganda, first of two cruisers to be built in the Canadian naval strength, is a medium cruiser.

She will bear, it is stated, gifts from the people of the African protectorate, and for these and traditional reasons shall keep her name, although it is marked down in Canadian Navy plans to designate the second or any other succeeding cruiser by the name of a province.

The naming of ships already follows a rigid plan. Tribal destroyers, fast and hard-hitting craft, which carry a sting approximately equal to a light cruiser in pre-war days, are named after Indian tribes; destroyers after rivers, and frigates, corvettes and minesweepers after towns.

## To Press On

### The Ordinary Man Only On The Threshold Of His Inheritance

Political democracy in Britain is not the ancient and hoary institution that romantic historians seem to imagine. It is a new responsibility for most of us. My grandfather was the first in our family who had the right to vote. He had to fight for that right. . . . In our generation know that a static democracy cannot live. We have no intention of remaining static. We mean to press on. For this 20th century is the century of the emergence of the ordinary man and he is as yet barely on the threshold of his inheritance.—Jennie Lee: This Great Journey.

## EXTENSION OF CATTLE HERDS TO MEET BEEF REQUIREMENTS HAS REACHED A HIGH PEAK

OTTAWA.—A farm policy of enlarging cattle herds begun two years ago appeared to have reached full flower today with official estimates that inspected slaughtering in 1944 may reach a record of 1,300,000 head.

Extension of Canadian herds to meet beef requirements became possible on a large scale in 1942 following a rich crop of feed and other grains, which permitted farmers to set up feed reserves and plan their herds for a considerable period ahead.

Two years ago beef shortages occurred in various sections of Canada and to maintain domestic supplies the export of beef cattle to the United States was halted. The government now is considering suggestions that this export market should be re-opened, as packing plants, which have encountered labor difficulties, are unable to handle all the cattle marketed by farmers.

In addition to meeting domestic requirements, cattle marketers this year have been sufficient to permit Canadian meat board purchases for export to the United Kingdom totalling some 90,000,000 pounds, the equivalent of some 200,000 head of cattle.

The beef agreement with the British food authorities specified minimum shipments of 100,000,000 pounds in two years, 1944 and 1945, but on the basis of present marketing the minimum requirements for two years may be met in one, with an additional 100,000,000 pounds shipped in 1945. The present price schedule for export beef is expected to remain in effect until Dec. 31, 1945.

The agriculture department said inspected slaughtering for 1944 now are more than 1,000,000 head, a gain of nearly 27 per cent. over the corresponding period in 1943. A major gain in marketing was shown last year, while in 1942 total slaughtering was 970,415, less than the number for 10 months of 1944.

A total of 33,367 animals slaughtered in the final week of September set a record for this period.

The average weight of dressed beef carcasses has been declining since April and in September fell below the 500-pound average to 479 for the first time this year.

An increase in the marketing of veal calves was taken to mean that the herd-building program is tapering off, with fewer young animals being saved for beef or breeding stock.

### IN ARMED SERVICES

Australia Enlisted Eight Out of Every Ten Of Military Age

CANBERRA.—Eight of every 10 Australian men between the ages of 18 and 35 have been enlisted in the fighting services, it was announced. Altogether 983,000 have served in the forces of Australia which has a population of 6,990,890.

Figures compiled by Canada's war-time information board showed that on June 30 a total of 952,472 men between the ages of 18 and 45 had been enlisted or enrolled in the Canadian forces. The figure represented 37.9 per cent of Canada's available 2,474,000 military age males. Canada's population is 11,419,896.

## CANADA WILL GO ON WORLD AIRWAYS WHEN THE NEW C.B.C. SHORT-WAVE STATION OPENS

OTTAWA.—The playing of "O Canada" and a full-flavored Canadian accent repeating "This is Canada calling", next month will give the nation its first voice on world airways as the new CBC short-wave transmitter at Sackville, N.B., broadcasts its first test.

Oddly enough, if the test—scheduled for mid-December—is successful, few receivers in Canada will be able to pick up the broadcast beamed to overshoot the Dominion and reach sets in Europe.

A few receivers in the Maritimes and especially Prince Edward Island may pick up leakages, but the majority of Canadians will only hear Sackville through the newspapers or when it happens to be relayed through the BBC or other Allied sources. It is possible that residents of western Canada may be able to waylay broadcasts to the antipodes.

### SHIPS FOR PACIFIC

Vessels Are Now Under Construction In Canadian Yards

OTTAWA.—At least 37 of the ships now being built in Canadian yards likely will see action in the Pacific, a munitions department spokesman said.

He said that 21 maintenance vessels, 50 transport ferries and 16 coastal cargo ships now were under construction.

The maintenance vessels were the floating workshops that Prime Minister Churchill referred to in the British House of Commons recently. The vessels were being equipped with all the machinery they would need to repair a damaged ship at sea, thousands of miles from a shipyard.

The vessels, being built at an estimated cost of \$2,000,000 or more each, are under construction in west coast yards.

The transport ferries were the largest warships being built in Canadian yards and were for use in amphibious operations. Few details on the ferries have been released for security reasons.

### WAVE OF TERROR

Say 25,000 Persons In Berlin Have Been Sent To Prison

STOCKHOLM.—German storm troopers and the Gestapo, have cowed the German people with an almost unbroken wave of terror for the last 2½ months, a report from Germany received through a reliable source said.

The informant said: "Last week I was told by a Gestapo source that more than 25,000 persons in Berlin were jailed or sent to concentration camps."

"Some of my sources believe the arrests in all Germany number between 100,000 and 125,000. Last week the authorities had trouble with foreign workers in western Germany, particularly in the Ruhr district. Several were arrested and executed."

### CLAIMS PROVED

Photographs Show R.A.F. Pilots Right About Damage To Aachen

WITH THE 2ND TACTICAL AIR FORCE, Belgium.—Capture of Aachen has proved the accuracy of R.A.F. claims of damage to the city. Results of the closest investigation in this German industrial city, which between July 13, 1943, and its fall Oct. 20, was hit by 7,000 tons of bombs, establishes that every claim by pilots and later checked by photographic reconnaissance has been borne out.

### AUSTRALIA'S NAVY

Fighting Tonnage Has Greatly Increased Since Outbreak Of War

NEW YORK.—Fighting tonnage of the Royal Australian navy has increased more than six times since the outbreak of the war, says a quarterly booklet, facts and figures of Australia's war effort, issued by that country's department of information. The commonwealth now has more than 340 warships, 85 per cent. in operational areas.

### Has New Duties

Walter S. Woods, of Ottawa, newly appointed deputy minister of the department of Veterans Affairs. Mr. Woods, for the past 3½ years has been associate deputy minister of the department of Pensions and National Health.

### BURNED OR DAMAGED

OTTAWA.—A total of 245 out of 13,154 bags of overseas mail were damaged or destroyed in a fire on board a ship in the harbor at Saint John, N.B., Postmaster-General Mulock said. Thirty-one bags were destroyed, 20 partially destroyed and damaged by water and 194 bags damaged by water to a lesser degree.

### PARACHUTE SEARCH

Rescue Divisions To Operate Over Northwest Staging Route

EDMONTON.—Existence of a parachute search and rescue division for operation over the North West staging route, R.C.A.F., between Edmonton and Whitehorse, Y.T., which officials believe will more than double chances of survival for crews of aircraft forced down, was announced by the North West air command here. This is the only unit of its kind in the R.C.A.F.

The "para-searchers" of the division have received such specialized first aid and medical training that they are equipped to administer blood plasma should that be necessary. They carry special medical kits and portable two-way radio-equipment and food supplies.

### MANY PRISONERS

Canadian Army Takes Hundred Thousand Prisoners Since End Of July

WITH THE FIRST CANADIAN ARMY IN HOLLAND.—Since the First Canadian Army became operational at the end of July its forces have taken 100,000 prisoners, equivalent to more than 10 German divisions.

The biggest hauls were made at the Trun escape gap, where German Seventh Army forces were caught in a pincer move, at the channel ports of Le Havre, Calais and Boulogne, and in the Schelde pocket.

### VICTORY LOAN CAR

On tour of the Dominion and at present on Canadian Pacific western lines, the C.P.R. Victory Loan observation car in gleaming white and silver was welcomed in Winnipeg by officials of the National War Finance committee and the railway.

Emblazoned on its sides are the seventh loan slogans: "Invest in Victory" and "Buy One More Than Before", with the flaming danger emblem of the British 8th Army, as centre piece, in color. The car, attached to main line trains of the Canadian Pacific, will make three round trips of the Dominion, in all 8,646 miles, carrying its urgent message invoking support of the loan. Something new in railway annals, the silver, white and blue car, arrests attention as it speeds across the rails. In Winnipeg, as the picture shows, it was met by W. A. Pitt-L. Walker, Mr. Perrin and Mr. Mather, vice-president, Canadian Pacific western lines; Mayor Garnett Coulter, Winnipeg; Mayor George C. MacLean, St. Boniface; H. E. Sellers, chairman of the Manitoba division, National War Finance committee; Moray Sinclair, chairman of the public relations section, Manitoba division; J. D. Perrin and E. S. Fraser.

### Victory Loan Opens In Belgium

The 7th Victory Loan sale is on in earnest in Belgium. This scene is being repeated many times each day along the front. Here Sergt. S. L. Shaw, Ottawa, buys a bond from Lieut. H. L. Adams, Charlottetown, P.E.I. Next in line is Pte. R. Shea.

## GEN. McNAUGHTON BECOMES DEFENCE MINISTER, SUCCEEDING COL. J. L. RALSTON, RETIRED

OTTAWA.—Gen. McNaughton, a Saskatchewan-born soldier who retired from the Canadian Army last September after distinguished service in two wars, became defence minister with supervision over the Dominion's land forces at home and abroad.

The slim, soft-voiced 57-year-old former commander of the army overseas succeeds Col. J. L. Ralston, 63, also a distinguished Canadian soldier in the First Great War, who told his cabinet colleagues that he was resigning.

The difference of opinion among ministers was understood to concern reinforcements for Canadian troops overseas and whether the home defence army of 70,000 men should be made available for service anywhere.

Prime Minister Mackenzie King, who has continuously supported overseas service being on a voluntary basis, dropped no hint of the causes of division when he announced at a press conference the resignation and the new appointment.

Mr. King said he had no information that other ministers might resign in protest against the voluntary overseas service policy. He did not think the situation warranted calling parliament together before the scheduled date of Jan. 31, and he had no comment on the possible date of a general election which will be announced before the end of April at the latest.

Col. Ralston left the post he had occupied since 1940 without a statement, although the prime minister received a letter from him. There was no indication whether either Mr. King or Col. Ralston would make this document public. The prime minister spoke feelingly of his former cabinet colleague, stressing the affection he felt for him and regret at his decision to resign.

Gen. McNaughton said he had assumed his new responsibilities with the desire of serving Canada. Mr. King said that in Gen. McNaughton he believed a minister had been found who would have the confidence of the men overseas, their relatives and friends at home and the Canadian people generally.

Gen. McNaughton, remembered in his home town of Moosomin, Sask., as the boy who used to make ears rings with home-made thunder bombs, will start an immediate study of the army organization and requirements in the light of his experience as commander of Canadian troops overseas from 1939 to Dec. 26, 1943, when he was granted leave of absence on grounds of ill health.

Col. Ralston faced vigorous questioning in the commons on the leave granted Gen. McNaughton and Mr. King intervened to halt the discussion at one point when opposition members were pressing the defence minister to say whether there were other reasons for Gen. McNaughton leaving the command. Opposition leaders at a conference later were given private information about the situation by the prime minister.

In a letter to Col. Ralston at the time of his retirement in September, Gen. McNaughton recalled that they sometimes did not see eye to eye on policies to be followed.

OTTAWA. Passage of a recent order-in-council providing for the placement of army personnel not immediately required for military duty in civilian jobs has opened the way for the return of members of the home defence army to civilian employment and still remain in the army.

The order applies to both the home defence and active armies. Under the terms of the order these men would be placed in jobs considered necessary in the public interest and at the same time they would not actually be demobilized but would be subject to recall at any time for military service. In effect, they would be on leave from the home defence army.

Such a plan, it was pointed out in some quarters, would go at least part way toward meeting the objection that might be raised by active service troops to home defence soldiers being given a preferential place in civilian industry by their demobilization before the active army was released.

The order says that military personnel engaged in work essential to the prosecution of the war are to be regarded as performing a military duty. They continue to be under the provisions of the pensions act and receive military pay and allowances.

It is reported that 200 men, called up for training under the National Mobilization Act, will be placed in a Toronto shell filling plant under the new order. The ammunition industry has recently been experiencing an acute labor shortage.

### SURPLUS CLOTHING

Army Disposal Board Turns Over Goods For Liberated Countries

MONTREAL.—Surplus army and air force footwear and clothing modified for civilian use has been disposed of for the first time in such quantity by the army salvage and disposal board and War Assets Corporation to United Nations Relief and Rehabilitation Administration, it was announced here. The goods, intended for disposal to the liberated countries populations, have an approximate \$1,000,000 sales value.

### EXTERNAL TRADE UP

OTTAWA.—Canada's external trade, excluding gold, was valued at \$427,051,000 in September compared with \$416,579,000 in August and \$384,640,000 in the corresponding month last year, the Dominion bureau of statistics reported.

# INFORMATION REGARDING THE PROPOSED Crows' Nest Pass Municipal Hospital District

This information has been compiled by the Provisional Board for the benefit of those who will vote on the plan presented. For further information see any member of the Provisional Board.

## THE PLAN

The plan provides for the erection in Crows' Nest Pass, of a well built modern and well equipped hospital, of at least 60 beds, including an operating room, case room, etc.

## THE PURPOSE

To provide the best nursing and hospital services for all the people in the district at a minimum cost; and to insure every ratepayer and his family against costly hospital bills.

## IS IT AN EXPERIMENT?

Definitely No! Thirty-one similar hospitals have been in operation for some time; three more have commenced operation recently, and more areas are now considering proposals. Public records show that every district in which they operate receives economical and satisfactory illness, accident and maternity hospital services.

## HOW IS THE CAPITAL COST FINANCED?

By the issue of debentures for \$185,000.00 to be repaid over a period of twenty years. If they bear an interest rate of 4% the yearly payment of principal and interest will be \$13,612.67.

## WHAT WILL THE HOSPITAL RATES BE?

Hospital supporters will pay \$1.00 per day without extra charges for ordinary drugs and dressings. Compare this with the rates non-supporters will pay, or with the rates you now pay for hospitalization. Study the plan detailed hereon.

## MINIMUM TAX

The minimum tax, no matter how small the parcel of land may be, is \$10.00. The government grant is 46c per day per patient and there is added revenue in hospital fee paid by non-taxpayers.

## WHAT WILL THE COST BE TO FARMERS?

Based on the experience of all other Municipal Hospitals in the Province, the Department of Health estimate that a rate of 5.12 mills will provide sufficient funds. This means that if your property is assessed for \$1,000.00, your share of this will be \$10.00 per year.

## WHAT WILL THE COST BE TO THE CROWS' NEST PASS RATEPAYERS?

The ratepayers of the Crows' Nest Pass District will pay on the basis of 5.12 mills on their real property assessment, with a minimum tax of \$10.00 per annum.

## WILL THE COST TO THE RATEPAYERS INCREASE?

We believe that it will not. The tax levy on the plan was estimated high enough to cover all possible expenses. Further, if other lands are added to the district, it will spread the cost over a larger area and when the debentures are retired, a further reduction should take place. Other Municipal Hospitals, which retired their debentures, operate on a lower mill rate and own the hospital.

MR. FRED ANTROBUS, representing Town of Coleman.

MR. E. WILLIAMS, representing Town of Blairmore.

MR. R. E. DONKIN, representing Village of Frank.

MR. A. W. HOLLINGSHEAD, representing Local Improvement District 71.

MR. GEO. COUPLAND, representing Local Improvement District 71.

MR. A. BALLOCH, Secretary to the Provisional Board.

## Plan of the proposed Crows' Nest Pass Municipal Hospital District.

In accordance with the provisions of the Municipal Hospitals Act, R.S.A., 1942, a request was received on February 26th, 1944, by the Minister of Health, at Edmonton, asking that a Municipal Hospital District be established to include the territory described below.

In compliance with this request, the Minister of Health established the Crows' Nest Pass Municipal Hospital District on the 8th day of August, 1944, appointed a Provisional Hospital Board and instructed it to prepare a Scheme for the building and operating of a hospital in the said district, in accordance with the Municipal Hospitals Act.

The Provisional Hospital Board met on September 19th, 1944, and prepared the Plan outlined below in accordance with the Municipal Hospitals Act. The Plan is to be advertised throughout the district for a period of fourteen days following which, providing that all conditions of the Municipal Hospitals Act have been complied with, the Plan will be submitted to the Minister of Health for final approval and a date fixed, not exceeding thirty days from the date of such final approval, upon which the ratepayers of the said district will be called upon to vote for the adoption or rejection of the said plan.

The territory included in the hospital district is as follows:

- (a) All of Local Improvement District 71.
- (b) The Town of Coleman.
- (c) The Town of Blairmore.
- (d) The Village of Frank.

The Hospital plan submitted by the Board upon which the ratepayers will be asked to vote is as follows:

- (1) It is proposed to acquire a suitable site for the hospital between the towns of Blairmore and Coleman; said site to be subject to the approval of the Provincial Board of Health.
- (2) It is proposed to acquire a portion of the hospital equipment and the ambulance service at present owned by the Almon's Hospitals.
- (3) To build a sixty (60) bed hospital on plans prepared by a registered architect and approved by the Provincial Board of Health.
- (4) To provide for an operating room, case room and all essential furnishings and equipment as required in the regulations made under the provisions of the Hospitals Act.
- (5) To supplement the revenue derived from taxation by the adoption of a schedule of fees as follows:

- (a) To all ratepayers assessed in respect of property within the hospital district and their wives, dependent families and domestic female help of such ratepayers who are resident with them, a per diem rate of One Dollar (\$1.00) provided such ratepayers shall be assessed a minimum tax of ten Dollars (\$10.00) per annum.
- (b) Non-ratepayers in the hospital district may receive hospital treatment at a rate of One Dollar (\$1.00) per diem, upon payment of a yearly sum of Ten Dollars (\$10.00) for single persons and the sum of Ten Dollars (\$10.00) per family providing this sum is paid within thirty (30) days of the opening of the hospital and thereafter not later than January 10th in each year except that persons entering the Hospital District must pay this sum within three (3) months after coming to the district. The board retains the right to refuse this payment if, in its opinion, it is made for the purpose of receiving immediate hospital treatment. In this paragraph the family shall mean the father, the mother and dependent children only.
- (c) Every person resident outside the boundaries of the hospital district who pays the outside hospital supporter's fee of Twenty Dollars (\$20.00) to the Secretary-Treasurer of the Hospital District, on or before the 10th day of January in any year shall be deemed to be a hospital supporter for the calendar year, providing the board deems accommodation is available.
- (d) No charge will be made for ordinary drugs and dressings for the persons eligible

for the per diem rate of One Dollar (\$1.00), but they will be required to pay for the use of the operating room at the rate of:

Major operations ..... \$5.50

Minor operations ..... \$3.00

(e) All persons not eligible for the per diem rate of One Dollar (\$1.00) shall pay not less than Three Dollars and Fifty Cents (\$3.50) per day with additional charges for drugs and dressings, and operating room charges as follows:

Major operations ..... \$11.00

Minor operations ..... \$6.00

Case room ..... \$6.00 (For those not eligible under Maternity Act.)

(f) All persons not eligible for the per diem rate of One Dollar (\$1.00) shall pay all X-ray charges.

(g) Extra charges for ratepayers or non-ratepayers requesting private accommodation and receiving such accommodation shall be set by the Board and be subject to the approval of the Department of Public Health.

(h) The Board may enter into agreements with City hospitals for the care of special and emergency cases, certified by the attending physician, which cannot be adequately hospitalized at the Crows' Nest Pass Municipal Hospital.

(i) To create a debenture indebtedness of One Hundred and Eighty-Five Thousand Dollars (\$185,000.00), twenty years at interest not to exceed 4%.

To repay said debentures in equal instalments of combined principal and interest for a term of 20 years.

(7) The Plan for the Proposed Revenue and Expenditure:

(a) REQUIREMENT:

L. I. D. No. 71 5.12 Mills \$16,458.00

Town of Blairmore 5.12 Mills 3,000.00

Town of Coleman 5.12 Mills 4,316.67

Village of Frank 5.12 Mills 338.00

\$24,712.67

(b) ESTIMATED REVENUE:

Govt. Grant, 8,800 patient days

@ .46 \$ 3,960.00

Patient Fees @ \$1.00, less

20% N. C. 7,040.00

Operating room, contracts, etc. 7,000.00

Estimated requisitions 24,712.67

\$42,712.67

(c) ESTIMATED EXPENDITURE:

Operating Cost @ 3.25 per

patient day, on 8,800 days \$28,600.00

Yearly capital repayment

on \$185,000.00 debentures, 13,612.67

20 years, 4% 500.00

Estimated surplus 42,712.67

Approved.

W. W. CROSS,

Minister of Health.

## IS GOOD WATER AVAILABLE IN THE CROWS' NEST PASS FOR THE HOSPITAL?

Certainly! Ample water is available anywhere in the Town of Blairmore. Good drinking water is now supplied to the Town of Blairmore from York Creek near the town. This source is available to the hospital. The Department of Health Chief Sanitary Engineer is satisfied that this supply is satisfactory. YOUR HOSPITAL BOARD WILL NOT PROCEED WITH THE ERECTION OF A HOSPITAL UNTIL THIS FEATURE IS FULLY AND SATISFACTORILY SETTLED.

## HOW ABOUT A DOCTOR?

Scarce as doctors are at the present time, no Municipal Hospital is without a doctor. The Board realizes the importance of a good physician and surgeon and will spare no effort to have one or more skilled practitioners locate in the Crows' Nest Pass District. With the release of doctors from the armed services, many skilled doctors will be available. If any one doctor should not prove satisfactory for any reason whatsoever, the Board is free to ask another one to locate here. Further, should the ratepayers wish it, the Board could enter into an agreement with any particular doctor, at an agreed rate, to supply medical, surgical and obstetrical services. No one will be required to use any particular doctor. Besides, outside doctors may be called in, if or when necessary for any special case.

## MAY A HOSPITAL SUPPORTER SECURE HOSPITALIZATION ELSEWHERE?

Yes. The Hospital Board intends to make arrangements with City Hospitals for the care of special and emergency cases, and the cost to the ratepayer will be the same as at home, that is One Dollar per day. This means that if you require treatment which can not be provided at the Crows' Nest Pass Hospital, you pay the same hospital rate elsewhere—that is, One Dollar per day.

## WHY A VOTE FOR THE PLAN?

The Municipal Hospitals Act requires that those who reside in the Proposed Hospital District shall themselves decide whether or not they wish a Hospital District organized. To do this a vote is taken to record the number for and against the proposal. A two-thirds majority of those voting is required before the proposal is considered approved. Therefore, every ratepayer should take a lively interest in the matter, studying the many points in favor of the scheme and make sure that his vote is cast in support of this important matter of public welfare. Vote "YES."

## WHO MAY VOTE?

- (a) All persons liable for taxes under the Municipal District Act.
- (b) The wife, husband, sons and daughters, at least twenty-one years of age, of such persons and residing with such persons within the Hospital District.
- (c) If your name is not on the voters' list, and you are qualified to vote, you may vote by signing a declaration on a form provided under the Act at the poll at the day of the voting.

Vote "Yes"

## WHO WILL MANAGE THE HOSPITAL?

A Hospital Board is elected by the ratepayers which will have the entire management under its control. The Board is responsible to the ratepayers for its actions. Expert supervision is given gratis by the Department of Health of the Province, which maintains a Supervisor and staff who have no other duties than to ensure that Municipal Hospitals are operated in the best interests of the ratepayers and the sick.

## WHERE TO VOTE?

The Proposed Hospital District has been divided into Polling Divisions for the convenience of the ratepayers. A ratepayer must vote within his own Polling Division by signing a declaration on Form "A" which will be provided by the Returning Officer. He or she may vote if their name is not on the voters' list.

## Look at the Pictures

YOUR VOTE

"Yes"

will mean this in the Crows' Nest Pass

YOUR VOTE

"No"

*"Everything for a Building"*

... AND GOD WAS THERE

Somewhere in Italy, before the enemies' guns silenced his voice and pen, a soldier-poet, inspired by his discovery of God in the midst of hell on earth, composed the following poem. In simple, terse, humble eloquence, the unknown soldier-poet transcends the gamut of human emotions as he contemplates meeting his Creator. It is an answer to agnostics and a sombre challenge to Fascism. Pte. James Day, of New York, found the poem on the dead body of the soldier, whose identity has not yet been determined:

Look, God, I have never spoken to You.  
But now I want to say, "How do you do?"  
You see, God, they told me you didn't exist.  
And like a fool, I believed all this.  
Last night, from a shell hole I saw Your sky.  
I figured right then they had told me a lie.  
Had I taken time to see things You made,  
I'd have known they weren't calling a spade a spade.  
I wonder, God, if You'd shake my hand.  
Somewhere, I feel that You will understand.  
Funny I had to come to this hellish place  
Before I had time to see Your face.  
Well, I guess there isn't much more to say,  
But I'm sure glad, God, I met You today.  
I guess "zero hour" will soon be here,  
But I'm not afraid, since I know You're near.  
The Signal! Well, God, I'll have to go,  
I like You lots, this I want You to know.  
Look, now, this will be a horrible fight—  
Who knows, I may come to Your house tonight.  
Though I wasn't friendly to You before,  
I wonder, God, if You'd wait at Your door.  
Look, I'm crying! Me! Shedding tears—  
I wish I had known You these many years.  
Well, I have to go now, God.  
Good-bye!  
Strange, since I met You, I'm not afraid to die.  
...V...

### The Churches

**ST. ALBAN'S CHURCH**  
Rev. W. E. Brown, Rector  
Daily offices:  
Mornings 9 a.m.  
Evensong 7.30 p.m.  
Wednesday:  
War Intercession 7.30 p.m.  
Friday: Choir practice 7 p.m.  
The 23rd Sunday after Trinity:  
Holy Communion 8 a.m.  
Young People's Service 2 p.m.  
Evensong 7 p.m.

Personally and on behalf of St. Alban's Ladies' Guild, the Rector wishes to thank all those who patronized our bazaar and made it such a splendid success.

The Anglican Communion is grateful to Almighty God for the life and work of the late William Temple, Archbishop of Canterbury and primate of England. He was "the people's archbishop," according to Sidney Dark, and his influence and inspirations can never die. The sacredness of human personalities and the great love of God for us seemed to be the great theme of the archbishop's life and messages. Now the challenge he leaves with us is "we must achieve the impossible or perish; we must recover reverence for the earth and its resources, treating it no longer as a reservoir of potential wealth to be exploited, but as a storehouse of Divine bounty on which we utterly depend." If you get a chance, buy and read his book, "Christianity and the Social Order," now published in the Penguin series.

**LET'S** be quite frank.

When you read—as you probably did during the past few months—that more than 300,000 people in Canada have syphilis, what was your reaction? Did you say, "That's too bad; something should be done about it," and then turn to the comic page? Chances are you did.

But if that article had told you that Tommy Jones, the lad who used to mow your lawn after school, had syphilis—how would you have felt about it? Or that the young couple who built that cute house in the next block, had just lost a baby through syphilis... would that have made you stop and think?

Or, if you suddenly discovered that your Mar-... No? That couldn't happen? But it can. And it does... to hundreds of Tommies and Marys every year, right here in Canada. Right in your community. You'll

never read articles like that, of course, for these are the personal tragedies that people bear in silence.

So, when you pick up the paper sometime and read, "... there were 5,000 new VENEREAL DISEASE cases reported in this province last year...", remember! These are not cold figures. They represent 5,000 heart-breaking... heart-aching situations.

Yes, VENEREAL DISEASE is a serious problem. It's a problem for parents; for taxpayers; for young people on the threshold of life; for everyone.

VENEREAL DISEASE need never strike if we all do our part. If we know the facts. If we use these facts to advantage. If we don't shrug our shoulders and say, "This couldn't happen to anyone in my family."

You have a duty to your family and the community.

### LEARN THE FACTS!

# WORLD HAPPENINGS BRIEFLY TOLD

UNRRA officials estimate that there are about 130,000,000 Europeans who will require relief.

A Czechoslovakian brigade raised and trained in Britain during the last few years has joined the 1st Canadian Army.

General de Gaulle's cabinet has fixed membership of the new consultative assembly at 246. It has been disclosed.

Twelve R.C.A.F. fighter squadrons formed part of the air protection for the initial operations in the invasion of Normandy.

The government of Bombay, India, has sanctioned a scheme for the manufacture, refining, standardizing, bottling and marketing of shark liver oil.

Discharged veterans may wear their uniforms for 30 days after leaving the service or any time after that, if they are granted permission by a commanding officer.

The Royal Navy has loaned the Polish navy the cruiser Danes, sailing now under the name Orp Conrad in memory of the famous Polish sailor and writer Joseph Conrad.

Dr. A. Janovics, chemist in charge of Rand laboratories producing penicillin, says it's hoped in the near future to produce as much of the drug as South Africa requires.

With German-banned booklets restored—and books glorifying Germany and Marshal Petain eliminated—several million French children have returned to elementary schools.

## Held By Individuals

Cash Retained By Average Canadian Much More Than In 1939

The man with the fat roll of bills is Johnny Canuck, no less, carrying five times as much money in his pocket as his father did in 1900.

Bank of Canada officials said that the circulation of Bank Notes in the hands of the public this year works out at an average per individual of \$20.27. In 1900 it was \$12.28.

The estimate of cash in the hands of the average Canadian is established by taking the circulation of bills issued by the Bank of Canada and chartered banks and dividing by the number of Canadians, adjustments in the population figure being made year by year.

Officials said that studies have indicated that only a small proportion of notes in circulation are held by business places, which are likely to transfer cash to bank as quickly as possible. A United States survey indicated that at least 90 per cent. of notes in circulation are actually carried by individuals or kept in their homes.

Cash retained by the average Canadian has swollen substantially since the war began. In 1939 the average was \$19.17, which rose to \$25.22 in 1940; \$35.54 in 1941; \$44.33 in 1942 and \$58.25 in 1943. The 1944 average of \$70.27 is for the year thus far.

At the start of the First Great War the average was \$19.19 but the rise was fast in succeeding years, until 1920, when the average Canadian had \$34.63 in cash on hand. This level was never reached again until 1941.

## WANT NEWSPAPERS

Canadian soldiers in hospital overseas want their "home town" newspapers more than anything else, Capt. Violet Matthews of the First Aid Nursing Yeomanry, who recently returned to her home in Toronto, said.

## LIFE'S LIKE THAT

By Fred Neher

"Could I have my change in red stamps?"

# Snow-Fighting Days Ahead For Railways

Snow-Fences And Plows Allied Sectionmen And Extra Gangs To Keep Busy Tracks Free

Farmers throughout the West are tucking the last of the harvest safely away and busy housewives are tackling the housecleaning chores. The city dweller has put up his storm windows and is looking anxiously to the fuel bin.

The railwayman, however, approaches winter in the mood of the condemned man walking the thirteen steps to the gallows and hoping with every step for a last-minute reprieve. Winter can make a lot of difference in his business.

It can be like the winter of 1942-43, cold from one end of the country to the other, unseasonably so in many parts of the prairies to the 50's, slowing train movements and multiplying the difficulties of maintenance of way men. Or it can be like last winter, reasonably cold but without the extreme which makes life outdoors a nightmare.

No men are more sensitive to the portents of weather than the railwaymen whose job it is to maintain track under all conditions. Track maintenance is a matter of 24 hours a day, seven days of the week, 365 days of the year. They often refer to the sectionmen as the "forgotten men" of the railways, and there is some justification for the title.

He is the lonely figure leaning on a pick or a shovel while the Limited roars by. He waves his hand to the passengers who wave to him from the observation car platform, then calmly picks up where he left off in the endless tasks of clearing ditches and culverts, replacing steel and ties, lubricating switches, tamping ballast, clearing weeds, raising or lowering track and tightening tie-plates.

Western lines of the Canadian Pacific Railway comprise more than 10,000 miles of track, not including double track sidings, and yards, and this represents a lot of "housekeeping" for F. W. Alexander, assistant chief engineer. T. E. Price, engineer of maintenance for western lines and the district engineers, division engineer, roadmaster, section foreman and sectionmen, and the extra gangs which are ordered out as required for special work.

Right now the maintenance of way men are getting on with their fall "housecleaning", preparing for winter that always comes. At divisional points from the head of the lakes to Vancouver Island the "auxiliaries" are standing by, the special equipment held in readiness for the inevitable contingencies of weather. The snowplows, wing-plows and flangers for the prairie regions, bigger wing-plows and huge rotary plows for the Rockies and Selkirk, have been through the shops and are standing ready, bright in their new paint, to swing into action at the first alarm.

Sectionmen are putting up the snow-fences to protect the right-of-way against the drifts that will come across the plains as soon as there is snow enough to be caught by the winds and driven against some convenient obstruction such as a railway embankment.

## WILL BOUNCE BACK

The Liverpool Advance says if you play a mean trick on an elephant he will probably spray a trunkful of water over you 30 years later. If you mistreat a customer, he not only ceases to be your customer, but he never lets a chance slip to tell others about it. The worn-thin crack "There's a war on," is a termite expression that is eating up a lot of good will these days that will take a lot of effort to get back.

Buy War Savings Stamps regularly.

# Clearing Snow From Railway Tracks

—Canadian Pacific Photos.

There's always work for the sectionmen who maintain railway right-of-way, and the coming of winter brings added tasks such as the erection of snow-fences (as in bottom photo, above). Throughout the west, the Canadian Pacific Railway, on its more than 10,000 miles of track, maintains more than 1,800 miles of such snow-fences, some of them permanent, the others erected on private property, usually farm lands, in the fall, taken down again in the spring to enable the farmer to get back on his land. Some time, in ex-

posed places, three lines of fences are necessary to prevent snow-drifts from blocking the right-of-way. The average prairie snowfall, 12 to 14 feet in the season, would present few problems save for the wind which drives it into drifts which have to be checked by snow-fences. When snow gets too much for the fences, plows are brought into play to buck the drifts from the track. Wing-plows and flangers are sufficient to do the job on the prairies but in the mountains huge rotary plows, like the one shown in top picture, above,

tackle the big drifts. At Glacier where the Canadian Pacific's five-mile, double-tracked Connaught Tunnel effects a short-cut through an area where miles of snowsheds previously protected the line from snowslides, the snowfall averages 33 feet in a season, and the rotary plows, as well as the biggest push-plows have all they can do to handle the situation. Blades of the big rotary plows whirl at 400 revolutions per minute, throwing the snow in a veritable meadow in either direction from the track.

## Ulster Linen Industry

Has Been Facing A Wartime Flax Shortage

The Ulster linen industry has been facing a wartime flax shortage. It is now manufacturing new fabrics from synthetic long-staple rayon. An exhibition of the new fabrics has been opened in Belfast. The materials were all woven on existing machines in Ulster linen mills. The Prime Minister of Northern Ireland, opening the exhibition, emphasized that the new type of textile is not in competition with the linen industry but rather an adjunct to it.

## INTROSPECT

Unless many people live and work in the intimate relationships of community life, there never can emerge a truly unified nation, or a community of mankind. If I do not love my neighbor, whom I know, how can I love the human race, which is but an abstraction? If I have not learned to work with a few people, how can I be effective with many?—Arthur E. Morgan.

Mahogany trees are scattered through thousands of acres of forests, sometimes only one to the square mile.

### Post-War Army

Will Have Plenty Of The Best Equipment To Draw From

The Reserve Army is expected to get encouragement after this war in support of the seemingly grudging support it got after the First Great War.

One thing is sure: The Army will have plenty of the best equipment to draw from and there is every likelihood that the wide range of weapons from tanks and landing barges to Commando daggers and Sten guns will be used in peacetime training camps after the war.

The question as to whether the veterans will join the Reserve has already been answered in many cities where discharged men have found themselves irresistibly drawn back to the parade ground and the comradeship of arms.

One officer said recently: "When they quit the Army they all say it's the last time they want to see a uniform."

"I know, because I said the same thing after the last war. But in about six months' time they start coming around the armories, and the first thing you know they've got on sergeant stripes and are bawling out commands"—Toronto Globe and Mail.

### SURPLUS WAR SUPPLIES

William G. Lehman of the United States Office of Surplus War Property said 25,000 pairs of officers' spurs and several hundred thousand cartridge clips had been sold to radio advertisers, presumably for souvenir distribution; smudge pots have gone to citrus growers, 4,700 Klaxon horns to boat builders, and 1,200,000 cuspids with lids removed for use as stew pots.

**IF HEAD COLDS HANG ON..**

DO THIS! To relieve discomfort, one of the best things you can do is put a good spoonful of home-tested Vicks VapoRub in a bowl of boiling water.

Then feel welcome relief come as you breathe in the steaming medicated vapors that penetrate to the cold-congested upper breathing passages! See how this soothing irritation, quieting coughing, and helps clear the head-bringing grand comfort.

FOR IMMEDIATE RELIEF... rub throat, chest and back with VapoRub at bedtime. Vicks VapoRub works for hours—2 ways at once—to bring relief from distress. Remember, it's Vicks VapoRub you want.

### OUR COMPLETE SHORT STORY—

## The Maharaja

— By —  
MORT MADOFF

McClure Newspaper Syndicate

Louise, scanning the society page of the morning paper, gasped audibly. Her voice became tense with excitement. "It's true! The Van Worthingtons have that handsome maharaja as their guest. Oh, Herbert, I'd give my right arm to be introduced to him!"

Herbert reluctantly withdrew his eyes from the sports page. "Aw, Louise, an Indian prince is human like the rest of us common folks."

His wife glared. "Common folks! That describes us perfectly, Herbert Bummel. We'll never... we'll never be anything else."

Herbert swallowed his coffee in one gulp. "And what have you to complain about, Mrs. Louise Clinker Bummel?"

Louise stared critically at her husband. There really wasn't much to censure. Herbert was a good husband, a dependable plumber who always made a decent living and never caused any trouble. But he was as romantic as Mulligan's stew.

Herbert set down his coffee cup, snapped his lips, picked up his cap, planted a methodical kiss upon Louise's brow, and bounded off to do his daily tinkering.

Louise sighed as she began to wash the breakfast dishes. The patter of the faucet became a majestic waterfall. India. Rubies and diamonds. Harem. Curious mystics who stare at the sun and scamper over hot coals. Voluptuous dancing girls. Handsome princes on white elephants. Turbans and the river Ganges. India—romance.

Even while preparing supper Louise couldn't forget the maharaja. If only Herbert would mix with the more socially prominent businessmen. But Herbert was Herbert, and there was no changing him.

At supper Herbert grinned broadly. "Joe Peters sure messed up that Van Worthington job."

Louise felt prickly. "Van Worthington?"

Herbert paused a moment as he swallowed a mouthful of mashed potatoes. "Yeah. They needed some special plumbing in that fifty-foot mausoleum they call a bathroom. Insisted on a hurry-up job as they wanted it for this Indian individual."

One officer said recently: "When they quit the Army they all say it's the last time they want to see a uniform."

"I know, because I said the same thing after the last war. But in about six months' time they start coming around the armories, and the first thing you know they've got on sergeant stripes and are bawling out commands"—Toronto Globe and Mail.

Louise sniffed. "The party is Thursday afternoon. All I'd want would be one look at that charming maharaja."

Herbert wrinkled up his nose. "It's beyond me what you women see in that Indian. Anyway, pass the meat balls, eh, Louise?"

Thursday dawned bright and cheerful. But there was no sunshine for Louise. Beside her, Herbert was wheezing away for all he was worth. He was dead to the world, dreaming about monkey wrenches and lead castings.

At breakfast Herbert had a disgustingly good appetite. It meant nothing to him that he wasn't invited to the Van Worthington costume party. He hummed happily as he buttered his toast. Louise looked imploringly at him. "Please, Herbert, you don't have to put on an act for me."

Herbert stared wide-eyed. "This is no act. I'm expecting one of my biggest and most important jobs today."

Louise sighed heavily. "Is that all you ever think of—jobs and more jobs?"

Herbert munched contentedly. "It's our bread and butter, Louise. Our bread and butter."

At ten o'clock Louise met the mailman at the door. The Van Worthingtons would send her an invitation. She just knew it. But the lone envelope contained an announcement heralding the opening of Giltman's Haberdashery.

Twelve o'clock came and went. At three, Louise was frantically waiting for a liveried messenger to come dashing up on the porch. Thirty-three minutes would begin. Louise could almost hear the gay strangled music, the murmur of the guests as they awaited the maharaja, and then

the hush as he made his regal entrance.

The jingling of the phone brought her back to reality. She blinked twice as she heard the briskness of Herbert's voice. "How'd you like to see the Indian fellow, Louise?"

Louise trembled all over. "Oh, Herbert, how did you manage it? But hurry, darling, the party has started."

Herbert was provokingly calm. "Don't worry, the shindig won't begin until we get there."

As she imagined the glittering dress of the other guests, Louise wailed, "But what shall I wear?"

"Better put on a pair of my overalls. And boots. But hurry!"

Louise flew upstairs and encased herself in Herbert's work clothes. Herbert was clever sometimes. Who would ever think of going to a society costume party in a plumber's outfit?

They sped up the hill in the business truck. Louise wouldn't have cared if it had been a junk wagon. She, Louise Bummel, was going to the exclusive Van Worthington costume party. And she happily squeezed Herbert's arm.

An obsequious doorman hurried them inside. The guests stood aside respectfully as the Bummels made their way up the marble stairway.

Louise tugged at Herbert's elbow. "Isn't the party being held downstairs?"

Herbert chuckled. "Party? Your maharaja is marooned in that fancy bathroom, and I'm the fellow who's going to rescue him and fix the busted pipes."

### FORGOT HIS WARNING

When Samuel M. Freedman opened a restaurant at Lawrence, Mass., he was careful to post a sign reading, "We are not responsible for property lost or stolen." Recently Freedman hung his coat near the sign, only to return a few hours later to find it had been stolen.

### Discuss Joint Air Bases

Operation and maintenance of air bases used jointly by the R.C.A.F. and the U.S. Army Air Forces necessitates discussions between ranking officers of the two forces. Most recent of these meetings has been held in Ottawa under the chairmanship of Air Vice-Marshal W. A. Curtis, CBE, DSC, Air Member for Air Staff of the R.C.A.F. Pictured above following the final session are Col. E. W. Hockenberry, U.S. delegation, left, chatting with A.V.M. Curtis.

## Health LEAGUE of CANADA presents TOPICS of VITAL INTEREST

### NUTRITION IMPORTANT SCIENCE

If all persons were rational nutritional education would be very simple. They would learn promptly and would act wisely after observing the ill effects of deficient diets and the benefits to health and development brought about by the eating of the right kinds of foods.

But in this respect people have not always behaved as rational beings. Many have read and are reading about deficiency diseases and the rewards in health and welfare that fall to those who eat balanced meals. But they cannot be bothered to make the effort to break away from their old habits.

Some know the kinds of foods that the diet should contain and yet they deliberately persist for years in eating what they prefer rather than selecting the nutritious foods they need and finally end up with undermined health.

However, the entire human race is not irrational and stubborn in its food habits and many have learned and are learning by experience and education to change their food habits. Even though most persons show strong resistance to new ideas, many have learned much about nutrition—proper eating habits—in recent years.

For instance, numerous housewives now know the meaning of food groups. They have learned that starches, fats and proteins are important constituents of daily diets and know how to use them in cooking. They are well-informed about count Halifax until recently, when the King's honors list made him the Earl of Halifax. "He is as British as Yorkshire pudding or Devonshire cream, yet but for the place and circumstances of birth he might have been Professor Wood of some New England college or Ed. Wood from the Kentucky hills. He is a man who would do all right in either of those environments, and does right well where he is."

Also, they know there has been a revolution in kitchen practices. They have learned that, fruits and vegetables should not be treated as relishes but as important components of the daily diet. They are conscious of the fact that milk is not merely baby food but should be included in everyone's diet.

It took scientists many years to discover and verify these simple facts and gradually the world at large is absorbing this New Science which, if allowed full sway by all humans and their economies, would revolutionize a very big part of the art of living.

### Finland's Indemnity

Russia Is Likely To Accept Wood And Wood Products

Finland, fighting to rid itself of German troops, is also moving quietly to meet the \$300,000,000 reparations which it must pay the Soviets under the armistice. The burden will probably be carried largely by certain industries, part of whose production will be allocated to Russia. Since Finland once exported large amounts of wood and wood products to Russia, these materials are likely to constitute a major item under the proposed program. Many forests are nationally owned and private interests would not have to be reimbursed—Newsweek.

### Tribute To Lord Halifax

U.S. Newspaper Man Has High Praise For British Ambassador

Luther Huston, Washington correspondent of the New York Times pays high tribute to Lord Halifax, the British Ambassador to the United States, in a recent article. He writes: "This tall, rather sombre man who has been the British Ambassador since January, 1941, has demonstrated to thousands of Americans that there is a common meeting ground, and, in doing so, has acquired a wide knowledge, perhaps, of Americans as individuals than any other Britisher of his time."

He works hard at his job and has travelled very widely in the United States, but no matter where he is, Lord Halifax cannot be very far away from the lines that communicate with Whitehall and Downing street. He does not know the hour when a dispatch may come that requires immediate and earnest attention. There flows across his desk and from it to the comprehensive and complex Embassy organization which deals with all phases of British interests in the United States a vast amount of documentary work. By nature and long training, he works quickly and easily, makes his decisions, and gives his instructions without hesitation. Had he not that faculty his work never would be done.

His name is Edward Frederick Lindley Wood and he was the third Viscount Halifax until recently, when the King's honors list made him the Earl of Halifax. "He is as British as Yorkshire pudding or Devonshire cream, yet but for the place and circumstances of birth he might have been Professor Wood of some New England college or Ed. Wood from the Kentucky hills. He is a man who would do all right in either of those environments, and does right well where he is."

### Control Shipping

Arrangement Between Britain And United States Until War Ends

U.S. and Britain have been controlling shipping during the war in controlling shipping. The British Ministry of War Transport and the War Shipping Administration of the U.S. have had, under requisition or charter, operating control of almost all the ships in the world—except the enemy ones. This arrangement terminates on suspension of hostilities with Germany after which the U.S. and Britain have agreed to set up a new authority—with Norway and the Netherlands, which is to control the majority of world shipping until six months after the end of the war with Germany and Japan.

### SELECTED RECIPES

**ESCALLOPED CABBAGE**

4 cups chopped raw cabbage  
1 cup grated cheese  
2 cups medium white sauce (\*)  
1/2 cup lightly buttered bread crumbs  
Cook chopped cabbage in boiling salted water for eight minutes; drain. Place alternate layers of cabbage, cheese and white sauce into a greased, 2 quart casserole. Top with crumbs. Bake in moderate oven until brown. Serves six.

(\*) White Sauce  
3 tablespoons butter or other fat  
2 tablespoons corn starch  
1 teaspoon salt  
Dash pepper  
Dash Worcestershire sauce  
2 cups milk  
Melt fat in saucepan; blend in corn starch and seasonings. Let bubble over very low heat for three minutes. Add milk slowly and cook until smooth and thick, stirring constantly.

**CANADIAN PEA SOUP**

1/2 pound (1 1/2 cups) dried peas  
2 quarts water  
1/2 pound salt pork  
1 small onion  
Salt, pepper  
Wash peas; place in large bowl and add water. Soak for 4 to 6 hours or overnight. Turn into large cooking kettle (using the same water) and add scraped salt pork and onion, cut in pieces. Place over moderate heat and bring slowly to a boil; reduce heat and simmer slowly for 3 hours or longer. Toward end of cooking period add salt, pepper and other seasonings or herbs to taste.

The Union of Soviet Socialist Republics—in area the largest country in the world—occupies 8,065,728 square miles.

### Advertising Agency

### HERE'S MY FEED PROBLEM...

How can I save money on feeding my calves?

### HERE'S THE ANSWER...

"Miracle" Calf Meal actually costs a little more because it is a top rate feed. With "Miracle" Calf Meal your calf will reach its full growth at least 4 months sooner, so you actually save 4 months feeding costs. This more than covers the extra cost of the feed.

FOSS BOULTON WEDS  
SHEILA DEVINE

An outstanding repatriated air hero, Squadron Leader Foss Henry Boulton, D.F.C. Saturday morning claimed as his bride Miss Sheila Dolores Devine, RN, at a quaint ceremony solemnized in the rectory of Holy Rosary cathedral.

Squadron Leader Boulton is the son of Mr. and Mrs. J. H. Boulton, of Coleman, and his bride is the eldest daughter of Mr. and Mrs. J. J. Devine.

Rev. Father Carroll performed the rites.

A veteran of 82 trips over enemy territory, Squadron Leader Boulton, who went overseas in 1942, was a member of the famous City of Oshawa Squadron. He became a prisoner of war in May, 1943, and since his repatriation has been speaking in BC on behalf of the Seventh Loan.

The bride was wearing a blue crepe afternoon dress with a model hat in a gold tone misted in tulle and matching accessories. Tulle roses formed her shoulder corsage. Miss Irene Devine was her sister's only bridal attendant. Mr. J. Muir was groomsmen.

A reception was held at the Hotel Vancouver. They will spend the week end in Victoria, before leaving to visit the groom's parents in Coleman, enroute to Ottawa.—Vancouver Sun.

### MISCELLANEOUS SHOWER

A miscellaneous shower in honor of Mrs. Foss Boulton, nee Sheila Devine, was held in the Grand Union hotel on Wednesday evening. Hostesses were Mrs. J. C. Richards, Mrs. R. Parry, Mrs. R. Holmes, Mrs. J. Glendenning, Mrs. W. Milley and Mrs. J. Yates. Court whist was played, followed by games and a dainty luncheon. The honored guest was the recipient of many beautiful gifts from the assembled guests, for which she ably expressed her thanks.

### RECRUITING OF FARM LABOR FOR INDUSTRY

An extensive and vigorous campaign by National Selective Service to recruit agricultural workers into employment in other essential industries during the coming fall and winter months will soon be under way.

In a general review of labor requirements in the prairie region, Selective Service was faced with orders for about eight or nine thousand workers for essential civilian and war industries, and that these must be found. Terminal elevators, railways, coal mines, base metal mines, packing houses, cold storage plants, lumber and wood camps, and sugar plants are all included in the list of industries needing farm workers during the coming winter. Oct. 15 was tentatively set for the opening of the campaign for the prairie region, but in the event of unfavorable harvest weather, the date may be deferred.

Selective Service will not encourage men to leave dairy or livestock farms, where they are needed most during the winter. In addition, young farmers on postponement of military training will be given continuance of their postponement while engaged in other essential work during the off-season.

### HIGHLY RESPECTED CITIZEN OF BLAIRMORE PASSES

Word came from Blairmore on Tuesday morning of the death of Mrs. Sylvia Chardon, relict of the late Mr. Paul Chardon, following but a brief illness.

Mrs. Chardon was bereaved of her husband in May of this year. The couple came to Blairmore from the Pernie district quite a number of years ago, establishing in the grocery business, in which they had been successful till quite recently selling out.

She is survived by one daughter, Mrs. Madeleine Pinkney.

The remains were laid to rest this forenoon in the St. Anne's cemetery, Blairmore, beside those of her husband.

### "JANE EYRE" TO BE SHOWN HERE

Together on the screen for the first time, Orson Welles and Joan Fontaine are starred in 20th Century-Fox's adaptation of Charlotte Brontë's spectacularly thrilling romantic novel, "Jane Eyre," slated to open Saturday at the Palace theatre.

Welles plays the role of Edward Rochester, the moody and arduous master of Thornfield Hall, while Fontaine plays the title role of Jane, the shy and wistful governess, whose love for the brooding Rochester is stalked by mystery and terror.

Others featured in the picture which was directed by Robert Stevenson, are Margaret O'Brien, in the part of Rochester's ward; Peggy Ann Garner, who plays Joan as a girl; and John Sutton, who plays the part of the kindly Dr. Rivers.

### POPPIES COMPLETELY SOLD OUT SATURDAY

The entire amount of 750 poppies received by the Canadian Legion this year were sold out at 25 cents each on Saturday. The stock became exhausted at approximately 4 p.m., after a heavy sale.
